Nomination and Election Process

- The Chair of the Nominating Committee shall present a slate of candidates to the President prior to the annual business meeting at which the election shall take place.
- The approved slate of candidates will be introduced to the membership, by the Chair of the Executive Board, during the annual business meeting.
- The Chair of the Executive Committee shall call for nominations from the floor immediately after the approved slate of candidates has been introduced.
- Prior to the end of the business meeting session in which the candidates are introduced, there will be a designated time for candidate speeches and/or speeches given on the candidate's behalf. A maximum of two speeches may be given for each candidate including a candidate's speech. Individuals making speeches are encouraged to limit their remarks to two minutes in length.
Election

- Elections at the annual business meeting of the Association will occur under the existing Bylaws.
- The election will be conducted by written ballot and counted by two tellers appointed by the president, with exception. Candidates running unopposed may be elected to office by voice vote.
- Candidates for officer positions, whether running opposed or unopposed, must receive a majority of the votes by the regular members present, in order to be elected to office. If more than two candidates are slated for a single position and none receives a majority of the vote, the candidate(s) receiving the fewest votes will be eliminated from subsequent ballots. Two member-at-large positions are elected each year. If more than two candidates are slated for these positions, the two candidates who receive the greatest number of votes are elected.
The results of the election will be announced immediately after the election.

The current Chair of the Executive Board shall preside over the installation ceremony. The ceremony may be conducted immediately after the election but must be conducted prior to the end of the annual business meeting in which the election took place.
