

Karen Tannert received her Bachelor of Science degree in Pharmacy from the University of Texas at Austin, and recently received her Masters in Public Health at the Texas A&M School of Rural Public Health. She has been a pharmacist for 18 years and has worked for Walmart, Kroger and various other retail pharmacies. She has been working in the Drugs and Medical Devices Group of the Texas Department of State Health Services for ten years. Her duties include amending the Texas Schedules of Controlled Substances; review of drug, cosmetic, and dietary supplement labels; review of legislation; and revision of regulations relating to the various programs the Group oversees.
