OPEN QUESTION

Please Comment Below:

Nothing specific, but the webinars are a great benefit of being a sponsor. The annual conference and webinars should be promoted more heavily to bring in new members/sponsors.

The scheduling/timing just hasn't worked out.

The webinars are excellent, involving timely topics and expert panelists!

OPEN QUESTION

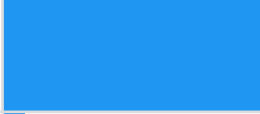

Comment:

I don't know how you do it, but there should be a big push to get states to treat the industry as a partner instead of an enemy. Both boards in Louisiana do a fantastic job of this, they are helpful AND THEY PICK UP THE PHONE.

Would like to hear more about State regulations as they pertain to required reporting of activities and changes. More on licensing as well. Seems to support more the State agencies than industry.

Columbus or Cincinnati, Ohio

Atlanta is easy. Most people can get there on a single flight. The Marta is direct to downtown. 100's of restaurants within walking distance. Can be hot if held too close to summer.

No preference so ignore the rankings
